

Full-Time MS Programs

Simon Business School | University of Rochester

SELL SHARE PEER

A photograph of three business students in a meeting. A woman on the left with glasses holds a yellow sticky note that says 'Understand' and 'Define'. A man in the center, wearing a plaid shirt, is leaning forward. A woman on the right is also looking on. Other sticky notes with words like 'Explore', 'Data', 'Implement', and 'Prioritize' are visible in the background.

At Simon Business School, a master's degree
is about **more than a credential.**

It's about a **new level of clarity.**

**MS IN
ACCOUNTANCY**

p. 4

**MS IN
FINANCE**

p. 8

**MS IN MARKETING
ANALYTICS**

p. 12

**MS IN BUSINESS
ANALYTICS**

p. 16

Unabashedly analytical. Intentionally collaborative. All the opportunities and encouragement you need to reflect, refine, and take risks. That's how clarity takes shape at Simon. The result: You see sharper. And you can **get to the heart of any problem.**

DO MORE WITH NUMBERS THAN CRUNCH THEM.

BUSINESS RUNS ON BIG DATA. But business also needs people who can turn that data into fresh insights and smart strategy. That's why Simon master's degree programs are about much more than giving you an impressive technical toolkit. We want to open up big career possibilities for you.

You'll be taught by professors who are transforming finance, economics, accounting, analytics, marketing, and pricing. You'll learn how to see and communicate data differently. And you'll graduate ready to frame more incisive questions, uncover patterns, and use data to persuade and inspire.

STEM DESIGNATION

International MS students qualify for a 24-month extension of their OPT (Optional Practical Training), with the option to work for up to three years without H1B visa sponsorship.

CLUBS AND ORGANIZATIONS

With more than 30, Simon gives you plenty of options to belong and lead. You can also collaborate with MBA students in any of our graduate-level clubs and participate in Simon VISION Consulting, where you gain experience working with real companies.

MSA

MS in Accountancy | A new level of clarity.

BUILD ON OUR STRENGTHS: Our program qualifies you to sit for the New York State CPA exam—but goes far beyond ordinary test preparation. Simon's leadership in accounting, economics, and finance means you'll be learning from some of the world's best professors. You'll gain deeper insights into what's on the horizon for auditing, regulations, and financial analysis. In addition to your classwork, the Benet CMC offers co-curricular programming to support your career search.

Media Storm
Data Analyst—Data Science
and Advanced Analytics

“We’re constantly changing our course materials to reflect the changing business environment. **I bring my social media research into my class**

TO GIVE STUDENTS EXPERIENCE WITH REAL-WORLD SITUATIONS.”

“I found this program particularly well-suited to my career pursuits due to its

HEAVY EMPHASIS ON APPLICATION.

Simon is committed to creating an inclusive community that helps its students succeed.”

Your Simon master's degree is also a degree from the University of Rochester, one of the world's leading private research universities. UR is known for outstanding programs in the arts and sciences, engineering, medicine, and music, and has a long-standing focus on data science. Our motto, Meliora ("ever better"), expresses the university's commitment to invention and innovation, fueled by hard work and imagination.
