Policies/Recommendations

Billing

Your accommodations are paid from the Saturday before the start of classes through the Saturday following the last final exam (departure day). Unless you have made other arrangements, each student will share a two-bedroom, two-bathroom hotel room with another student. Charges for additional nights, different apartments or additional apartments must be paid by the student. Students will need to provide a credit card to the hotel for incidentals.

Transportation

Please arrange for a taxi or rental car for transportation from the airport to the Residence Inn upon arrival in Rochester.

While in Rochester, we highly recommend that groups of students share the rental of a car. While there is not a long distance between the Residence Inn and shopping areas, the routes are high-traffic areas. Bicycle traffic is not as common in the U.S. as it is in Europe, and cars will not yield the right-of-way to bicycles; therefore, riding a bicycle in these areas can be dangerous. Please wear a helmet! ***Students should plan to have a car to drive back and forth to and from the University.***

If you choose to purchase a bicycle while in Rochester, we recommend buying an inexpensive bicycle at a discount store (e.g., Wal-Mart or Target). In the past, students have been able to re-sell their bicycles at the end of the summer to University of Rochester students and employees or hotel employees. Please plan to purchase a lock and a helmet as well.
